- Texas Christian University
- Texas Lutheran University
- The University of Texas Health Science Center at San Antonio
- University of Dallas
- University of the Incarnate Word

**Code Book**  
**ApplyTexas Application**  
**Texas Public Universities**

The ApplyTexas Application for Freshman Admission and the ApplyTexas Application for Transfer/Transient/Former Students can be used to apply to any Texas public university (and other institutions that contract to use it). Institutions prefer that students apply online at [www.applytexas.org](http://www.applytexas.org). Paper copies for students without computer access are available in high school counselors' offices. The applications may also be downloaded and printed from the website of the Texas Higher Education Coordinating Board at [www.CollegeforallTexans.com](http://www.CollegeforallTexans.com). Select "Helpful Info," then "For Parents and Students."

The majors and major codes for each Texas public university are listed on the following pages. If completing a paper application, enter this information in Part I, item 19 (Freshman) or item 17 (Transfer). If a student plans to apply to more than three institutions, complete the application, leaving item #19 (#17) blank, and make copies. Then enter the name and major of each college or university. A copy of the completed application should be mailed to the admissions office of each college or university. The original application should be kept by the student. If there are questions about the application, the student should contact the university to which he or she is applying.

\*\* No spring transfer admission.

(Texas A&M-College Station, continued)

Notes:

- <sup>1</sup> All new students to the Colleges of Architecture, Business, and Engineering enter the lower level.
- <sup>2</sup> The curriculum leading to a professional degree in Architecture begins in the four-year undergraduate Environmental Design degree program. This degree provides entry to the Master of Architecture program.
- <sup>3</sup> All students seeking elementary teacher certification will complete a baccalaureate degree in Interdisciplinary Studies. There is no major in Secondary Teacher Education. All students seeking secondary certification (except those preparing to teach physical education or health) will major in an academic discipline other than education (i.e., mathematics, English, computer science, biology, etc.) and take appropriate coursework for teacher certification in the College of Education and Human Development.
- <sup>4</sup> Freshman applicants who have not decided on a major should indicate General Studies.
- <sup>5</sup> Preveterinary medicine is not offered at Texas A&M. If you plan to apply to the Doctor of Veterinary Medicine (DVM) program, you should select a major that would be a good vocational choice if you do not later enter the DVM program. Any major may be selected; however, some curricula more closely parallel courses that must be completed before applying to the DVM program than others.
- <sup>6</sup> Requires PHYS 201 (1301 and 1101) rather than PHYS 218.
- <sup>7</sup> Either ENGL 210 or COMM 203 required, not both.
- <sup>8</sup> COMM 203 not required.
- <sup>9</sup> Requires MATH 151, 152 not MATH 141, 142.
- <sup>10</sup> Requires CHEM 102; MATH 141, 151.
- <sup>11</sup> COMM 203 can substitute for ENGL 210.
- <sup>12</sup> Follow Degree Track B for a B.A. degree and Degree Track D for a B.S. degree. COMM 203 not required.
- <sup>13</sup> Select the one Degree Track, A or B, that fits your degree objective (see Degree Tracks).
